Infant Offer Form

As a participant in a USDA Child Nutrition Program, our childcare facility/provider offers meals to children of all ages, including infants. Infant feeding is based on current Academy of Pediatrics nutrition guidelines. Infant foods are served appropriate for the age and developmental readiness of your infant. To better meet your personal preferences and infant's needs, you may choose as many options as you like from the list below and update as your infants' feeding needs progress. A new infant offer form is not required when changes are made; however, whenever changes are made please initial and date the changes.
